

# Chat Chains

The Game That Connects Us

## Quick Start Instructions

# Setup

1. Combine and shuffle all of the **Topic Cards** and **Activity Cards** into a single draw pile.

2. Create two piles of **Response Cards** with the +1 sides face-up. The +2 sides can be used for more advanced play (see Gameplay Variations\*).

\*See full instructions for how to use additional cards and play advanced variations.

# Quick Start Gameplay

Goal: To have the longest, on-topic conversation

- 1 Draw a **Topic Card** and place it in the center of the play area. If an **Activity Card** is drawn, do the activity on the card. Once the activity is finished, place it in the discard pile, and draw another Topic Card.
- 2 Each time a player says something, they place the corresponding **Response Card** in the center of the play area (see pg. 5 of the instructions for a visual). The Response Card represents their contribution to the conversation.
- 3 Players can use a maximum of two **Response Cards** each turn. Play continues clockwise, with each player taking a turn to add something to the conversation.
- 4 The round ends when a player decides to end the conversation, goes off-topic, or takes too long to respond.

## Scoring

**Individual score:** Add up the response cards each player used during the round.

**Team score:** Add up all players' individual scores and the topic card points.
